Junior High School 2023 - 2024

Agusan National High School | *With High Honor*

PROJECTS

Kyosh Account Inventory

Built a web-based inventory system for managing accounts and tracking earnings. Added automatic total calculation, earning range groups, and a copy feature to make data work faster.

Kyosh Account Monitor

Built a web-based system for tracking account status, activity, earnings, and inventory in real time. Added online and offline status, last-seen tracking, and account performance information.

Kyosh Script Hub

Built a web-based script inventory system to store and organize scripts for different Roblox games. Connected the scripts to games using client-side scripts.

Kyosh Control System

Built a web-based tool for Grow a Garden in Roblox with a website gifting system. Added monitoring of accounts used for collecting seeds and gear.

KORMS RNG (Roblox Game)

Built a Roblox RNG game with aura collection, quests, artifacts, and a weather-based luck system. Worked on scripting, gameplay systems, UI, and player progress.

Steal a Brainrot: Bridge and Shop (Roblox Game)

Built a Roblox game with a glass bridge challenge, an in-game shop, and reward systems. Worked on gameplay, scripting, UI, and player experience.
