ROLYN C. DAGUIL, PHD

President

Caraga State University - Main Campus

Ampayon, Butuan City, Philippines

Dear Dr. Daguil:

Greetings!

I am writing to express my interest in applying for the position of Junior Web Developer in your company. As a fresh graduate with a Bachelor of Science in Information Technology from Caraga State University, I have developed foundational knowledge and skills in web development, programming, database management, and user interface design. I am eager to begin my professional career and apply the knowledge and skills I gained throughout my studies in a professional IT environment.

During my academic years, I gained practical experience through various projects involving web development and programming. I have worked with HTML and CSS and developed my skills in JavaScript and responsive web design. My projects, including the Kyosh Account Inventory and Kyosh Account Monitor, allowed me to practice creating user interfaces, organizing data, and developing useful web-based features. These experiences helped strengthen my problem-solving, logical thinking, creativity, and attention to detail.

In addition to web development, I have practiced C, Java, Lua, SQL, database design, ERD and 3NF, and Cisco Packet Tracer. I have also developed projects using Roblox Studio and Lua, which involves creating game systems, scripts, user interfaces, and gameplay features. These experiences have helped me become adaptable, creative, and willing to learn new technologies. I believe these skills, together with my willingness to learn and work with others, can allow me to contribute positively to your organization.

I would be grateful for the opportunity to discuss how my skills and qualifications may contribute to your company. As a fresh graduate, I am motivated to gain professional experience, accept new challenges, and continuously develop my skills as an IT professional. Thank you for your time and consideration. If you have any questions, you may contact me at kienshardy145@gmail.com. I look forward to the opportunity to be considered for the position.

Very respectfully yours,

KIEN SHARDY N. ODJOY
